

The Board Only Added Directors With No Chemicals Experience, Despite Already Lacking Industry Expertise

We question whether these directors are the best suited to provide accountability to an already entrenched management team and Board.

Non-Management Directors Lack Industry Experience

	Director Since	Chemicals Expertise?
Nolan Archibald	2005	✗
Wayne Reaud	2005	✗
M. Anthony Burns	2010	✗
Sir Robert Margetts	2010	✓
Dr. Mary Beckerle	2011	✗
Daniele Ferrari	2018	✓
Jan Tighe	2019	✗
Sonia Dulá	2020	✗
Cynthia Egan	2020	✗
Jeanne McGovern	2021	✗

We believe Dr. Beckerle is not truly independent

Newly added directors added over the last four years ALL lack relevant industry expertise

We question whether these directors are the best suited to provide accountability.

ALL Members of the Board, Including Those Added In Recent Years, Also Waived Policies Intended to Promote Refreshment

The Company's corporate governance guidelines prohibit directors 75 years old and over from being nominated at the annual meeting. However, for three consecutive years, the Board repeatedly waived this retirement policy for Nolan Archibald and M. Anthony Burns, two long-tenured leaders on the Board.

Director	Current Age	Did the Board Enforce Mandatory Retirement Policy?		
		2019 Annual Meeting	2020 Annual Meeting	2021 Annual Meeting
 Nolan Archibald (Ex-Nom & Gov Chair)	78	X	X	X
 M. Anthony Burns (Ex-Compensation Chair)	79	X	X	X

We question why the Board, including new members added between 2018 – 2021, chose to overlook problematic conflicts and keep highly-interconnected directors on the Board?

By waiving the mandatory retirement age for three consecutive years, we believe ALL members of the Board demonstrated a concerning disregard for governance best practices and a strong preference for the status quo.

Ultimately, We Believe the Refusal to Address Numerous Interlocks Represents a Significant Failure

We believe the Nominating and Corporate Governance Committee has proved unwilling or incapable of addressing seemingly obvious interconnects.

Governance Failures

Complicit in apparent and problematic interlocks

Repeatedly failed to refresh long-tenured directors

Repeatedly waived the Board's mandatory retirement policy for interconnected directors

Added directors lacking board experience and chemicals expertise to a Board that already lacked industry experience

Committee is not composed of truly independent members and has approved sham independence

The Board failed to properly address multiple potential conflicts of interest.
