A) Glossary

Glossary

We define below key terms referenced throughout this presentation.

- **Proxy Peers:** Used by the Board for executive compensation benchmarking.
 - In this presentation, Starboard uses Proxy Peers to benchmark the Company's executive compensation.

Company's Explanation for How Proxy Peers Are Chosen

The Proxy Peers are intended to be representative of the companies against whom we compete in the global chemical industry for business opportunities and executive talent. Criteria used to select the Proxy Peer companies include financial measures (i.e., revenue, market capitalization and/or net income) and the industry segment in which we operate (i.e., organic chemical products and inorganic chemical products). The Compensation Committee, in consultation with Meridian, reviews the composition of the Proxy Peers annually, resulting in some variation in the composition of the group from time to time. As a result of a review in July 2019, the Compensation Committee removed three companies (Praxair, PolyOne Corporation and Ashland Global Holdings Inc.) and added one company (Ecolab Inc.). For the compensation benchmarking review prepared to inform 2020 compensation decisions, our Proxy Peers consisted of the following 14 companies:

- **Performance Peers:** Used by the Board to measure relative TSR and consists of companies that the Board believes Huntsman competes against for market share and investor capital.
 - In this presentation, Starboard uses Performance Peers to benchmark the Company's TSR and financial performance.

Company's Explanation for How Performance Peers Are Chosen

The company peer group used to determine relative TSR performance (the "2020 Performance Peers") represents industry-specific public companies against whom we compete for market share. Although there is some overlap between the two groups, the 2020 Performance Peers, as further described below, differ from our Proxy Peers because the 2020 Performance Peers are companies whose valuations are influenced by similar financial measures and we compete against these companies for market share and investor capital.

Glossary (cont'd.)

An overview of the companies included in each peer set is shown below.

Overview of the Company's Proxy and Performance Peers per the Company's 2021 Proxy Statement

Company	Market Capitalization (\$bn)	Proxy Peers (Benchmark Compensation)	Performance Peers (Benchmark TSR & Financial Performance)
The Sherwin-Williams Company	\$69.2	✓	
Air Products & Chemicals Inc.	53.3	✓	
Ecolab Inc.	51.7	✓	
Dow Inc.	43.9		✓
PPG Industries	33.3	✓	
LyondellBasell Industries N.V.	32.1	✓
